

HIGH PRIORITY CRITERIA

FY 2005 AMA Pest Management and Pesticide Handling - PENNSYLVANIA

NOTE: Applicants must meet one of the following criteria and agree to correct the problems to be considered for AMA cost-sharing assistance. For Agrichemical Handling Facility the applicant shall agree to develop and implement a pest management plan. This criteria may be waved at a later date if cost-share monies are still available.

1. Surface Water Protection

Is there a perennial stream or pond within 500 feet of the fields being treated with pesticides?	YES	NO

2. Surface and Ground Water Protection

Is there a perennial stream, pond or well within 300 feet of pesticide storage and mixing locations?	YES	NO

3. Pesticide Storage and/or Mixing Area

Does applicant agrees to develop and implement a pest management plan according to Pennsylvania Technical Guide Standard 595, Pest Management?	N/A	YES	NO

4.If you answered NO to questions 1-2-3, go to Item 5.

If you answered YES to Item 1 or 2, is the applicant willing to treat/correct the problem(s)?	YES	NO

5. If you answered YES to #1or #2, and YES to #4, complete a ranking worksheet for AMA Pest Management.

6. If you answered NO to #1and #2, or NO to #3 or #4, do not complete a ranking worksheet for AMA Pest Management and Pesticide Handling at this time. The applicant can be considered at a later date if cost-share monies are still available after contracting with all interested "High-Priority" applicants.
